

## Calendar for 2018

Attached is the calendar for next year. There are a few changes to the format for 2018 which the committee hopes will be an improvement on the way we do things.

On the Wednesday the 17<sup>th</sup> we will be running our first Twilight trial hopefully at Glenelg Spur. If this is a success we will try and squeeze in a couple more before the end of summer.

The summer series this year will be over 5 rounds at 2 weekly intervals. Each of the trials will start with a training session in the morning followed by a lunch break and then the trial itself starting in the afternoon. The training sessions will vary over the series covering everything from bike maintenance to section setting.

The next big change for 2018 will be the format for the club champs. In 2018 ALL club trials (except the summer series and Kaikoura) will count towards the Club Champs. That means there will be 8 rounds with Championship points being awarded at each event.

The last change is at each trial we will be asking for volunteers to set the next event. We will be looking to get an Expert/Intermediate and a Clubman rider to set each event. Paul has already offered to top peg the Twilight Trial, so we are looking for a clubman rider to assist there. Also, if we could get a couple of volunteers now to do the first round of the Summer series that would be good.

You will notice that none of the properties have been confirmed yet and as they will only be confirmed 3-4 weeks out from each event. It's important to keep an eye on the website for changes as the year progresses.
